

Spring Break Camps

NCPRD's spring break science camps foster curiosity and inspires wide-eyed wonder, while teaching kids about the world around them. Signing up for both a morning and afternoon camp? Add our Full Day Upgrade for just \$10 and your child will be supervised during the lunch hour (noon–1 p.m.) Please remember to bring a sack lunch. *Schedules subject to change.*

PLAY-WELL: SPRING INTO STEAM USING LEGO® MATERIALS

Ages 6-10. Celebrate the coming of spring! Build chirping birds, design blossoming flowers, and take a ride on a paddle boat. Design and build as never before and explore your craziest ideas with tens of thousands of LEGO® pieces.

Instructor: Play-Well TEKnologies Staff
Location: Concord Community Center
Fee: NCPRD, \$210; non-resident, \$263
Time/Date: 9 a.m.-noon M-F 3/23-3/27

STEAMVENTURES: ROCKETS AND THE SCIENCE OF THINGS THAT FLY

Ages 6-10. Up, up, and away! Have you ever wondered how gliders, planes, rockets, and space shuttles soar in the air? Students will learn about the fundamentals of flying and discover the four forces of flight through experimenting with paper airplanes and model rockets. This class will also introduce students to model rocketry, including how to effectively construct and safely launch their own model rocket.

Instructor: Julia Corkett
Location: Concord Community Center
Fee: NCPRD, \$210; non-resident, \$263
Time/Date: 1-4 p.m. M-F 3/23-3/27

STEAMVENTURES: MINI WORLD IN A BOTTLE

Ages 6-12. Our eco-discovery camp will encourage your child's curiosity and enthusiasm for nature while helping them understand important ecological concepts, such as earth cycles. Campers will plant their own seeds and watch them grow, enjoy the wow factor of egg carton geodes, and observe live worms. For added fun, campers will create a mini ecosystem known as a terrarium.

Instructor: Janis Wulgart
Location: Concord Community Center
Fee: NCPRD, \$210; non-resident, \$263
Time/Date: 9 a.m.-noon M-F 3/23-3/27
