

2026 SUMMER CAMPS

NCPRD offers a wide selection of affordable and safe summer camps for children ages 3 to 18. Our camps are designed to keep your little ones active, engaged, and having a blast while learning new skills and exploring their interests. In-between camp care is available during select camp weeks at Mt. Scott Elementary and Concord Community Center. NCPRD \$20/NR \$25 per participant. See the registration site for full details.

— REGISTRATION OPENS —

For NCPRD residents on **April 7 at noon**
and non-residents on **April 14 at noon**

ARTS & CRAFTS

ARTISTIC EXPLORERS | AGES 7-11

Pack your imagination and get ready for an adventure through the world of art! From the bold splashes of Abstract Expressionism to the delicate dots of Pointillism, kids will learn the stories behind these styles and the artists who made them famous. Then, they will dive into hands-on projects inspired by a specific movement. By the end of the week, every Artistic Explorer will have a gallery of their own creations to share!

IMAGINATION MAKERS: BUILD, DESIGN, AND CRAFT YOUR OWN MASTERPIECE | AGES 7-11

Paint, dye, stitch, and glue! This hands-on summer camp is perfect for kids who love to create, design, and explore their artistic side. Kids will unleash their imaginations and dive into fun, hands-on projects and make unique crafts they'll love to show off. Imagination required, fun guaranteed!

COOKING

JUNIOR BAKERS | AGES 9-12

Roll-up your sleeves and get ready to do it all – measure it, mix it, bake it – yum! In this hands-on camp, kids take charge as they learn the basics of baking while creating irresistible treats like cookies and cupcakes! Every step is theirs to master. It's fun, flavorful, and totally kid powered!

JUNIOR CHEFS—AROUND THE WORLD COOKING | AGES 9-12

Pack your culinary passport and join us for an exciting global adventure! In this hands-on cooking class, young chefs will explore flavors from across the globe while learning about the culture and traditions behind each dish. Each session begins with a mini cultural lesson about the featured country—its people, customs, and food history. Campers will then roll up their sleeves to create a signature dish that represents each nation's unique cuisine. From sizzling spices to delectable delights, junior Chefs will discover new tastes and practice essential cooking skills—all while having fun and making delicious memories.

DANCE & MOVEMENT

CARTWHEEL KIDS TUMBLING | AGES 5-11 | 4-DAY AND 5-DAY CAMPS

Flip into summer fun! Young athletes will learn the fundamentals of tumbling in a safe, supportive, and upbeat environment. From forward rolls and handstands to cartwheels and bridges, campers will build strength, flexibility, and confidence while learning exciting skills. Each day is packed with fun drills and plenty of encouragement to help every child shine. On the final day, family and friends are invited to cheer on campers as they showcase their new skills in an energetic performance.

EXPRESS YOURSELF PERFORMING ARTS | AGES 7-11

Lights, laughter, and creativity take center stage at this camp! This exciting week is all about exploring the magic of performance. Campers will learn and rehearse a one-act play, design and craft their own props, and pick up some fun dance moves and juggling tricks along the way. To wrap up the week, campers will shine in the spotlight during a Friday performer showcase! Whether they love acting, dancing, or just trying something new, this camp is the perfect stage for imagination and confidence to grow.

HIP HOP HOORAY! DANCE | AGES 5-11 | 4-DAY AND 5-DAY CAMPS

Get ready to move, groove, and celebrate the world of hip hop! This high-energy camp introduces kids to the fundamentals of hip hop dance—from basic steps and rhythm to fun, confidence-building choreography. Throughout the week, campers will practice their moves, work together as a crew, and bring their own style to the dance floor. The week concludes with an exciting final-day showcase, where family and friends are invited to cheer on campers as they perform. It's the perfect finale filled with big moves, loud applause, and plenty of hip hop hoorays!

OUTDOORS

FUN FIELD DAYS | AGES 5-11

Get outside and play! Campers will enjoy a variety of outdoor games and activities. To beat the heat, select Fun Field Days camps may enjoy a refreshing water day on the field!

HORSEBACK RIDING | AGES 8-18

Learn the ropes of English style riding. Highland Stables offers professional instruction on riding and horse care. Campers are required to wear boots or hard-soled shoes. Riding helmets are provided for all participants.

OUTDOOR EXTRAVAGANZA | AGES 5-11

Campers will have a blast competing with friends and making new ones while enjoying team-based obstacle courses and games in this active and fun outdoor camp!

SCIENCE

PLAY-WELL: EXPLORE CODING USING THE LEGO® SPIKE PRIME SYSTEM | AGES 9-14

Rise to the challenge to build and program robots using the LEGO® Spike Prime® system! Learn about mechanical and software design, loops, conditional statements, problem solving, and teamwork skills. Design and construct your robot to avoid obstacles, pick up and carry objects, and play sounds. Projects are structured so that students work in an open-ended, investigative environment while having fun.

PLAY-WELL: MINECRAFT ENGINEERING USING LEGO® MATERIALS | AGES 5-7

Venture into the world of Minecraft in our unique LEGO® experience. Campers will build a base, craft tools, use Minecraft to harvest raw resources, and battle to stop the Ender Dragon from ending the world. Explore the endless possibilities of LEGO® with a trained Play-Well instructor.

PLAY-WELL: MINECRAFT MASTER ENGINEERING USING LEGO® MATERIALS | AGES 7-12

Bring your favorite Minecraft adventures to life with our enthusiastic Play-Well instructors. In a Minecraft world powered by LEGO® resources, we will build shelters to keep out Creepers, craft mystical items that only true masters can wield, and perfect our crossbow skills to stop the Wither from taking over! If you can imagine it, we can build it.

PLAY-WELL: MINECRAFT ROBOTICS USING LEGO® SPIKE PRIME | AGES 7-9

Level up your Minecraft adventure by building and programming robots in this introductory Robotics class using the LEGO® Spike Prime® system. Join us as we learn basic programming skills while traveling through biomes, harvesting resources, and battling the Ender Dragon. Students will work in pairs to build LEGO® based projects incorporating motors, sensors and lights as we adventure with Steve, the main character of Minecraft.

PLAY-WELL: POKÉMON ENGINEERING USING LEGO® MATERIALS | AGES 5-7

Calling all Pokémon trainers! With the Pokémon Championship approaching, join our enthusiastic Play-Well instructors as we build and catch our favorite Pokémon, rescue Pikachu from Team Rocket, take a ride on the S.S. Anne to uncover rare and mystic Pokémon, and battle to see who will hold the title of Pokémon Master. Come along on our journey to catch 'em all!

PLAY-WELL: POKÉMON MASTER ENGINEERING USING LEGO® MATERIALS | AGES 7-12

LEGO® Master, I choose you! In the race to be crowned the Ultimate Pokémon Champion, we need your help! Learn to build your favorite Pokémon, level up by teaching them special moves, evolve them into more powerful versions, and come face to face with the current champion in an epic battle for the title. Learn from our Play-Well Pokémon Masters to make it to the top!

PLAY-WELL: STEM EXPLORATIONS USING LEGO® MATERIALS | AGES 7-12

Master your engineering skills with Play-Well TEKnologies and tens of thousands of LEGO® parts! Apply real-world concepts in physics, engineering, and architecture through engineer-designed projects. Projects are rotated seasonally to ensure that even returning students get a new experience, so join us to design and build as never before and explore your innovative ideas.

SCIENCE (CONT.)

SCIENCE EXPLORERS | AGES 7-11 | 4-DAY AND 5-DAY CAMPS

Experience how fun science can be! Campers will roll-up their sleeves to learn about plants and birds, build a structure and test its strength, explore how buoyancy works, make slime and so much more. Campers will document findings in a science journal to share with family and friends.

STEAMVENTURES: BLAST OFF ROCKET CAMP | AGES 7-12

A rocket a day keeps the boredom away! Build and take home your own rocket every day. Learn about the fundamentals of flying and the exciting world of model rocketry. Become part of a launch team that will work together to help make daily launches successful, including assembling a launch pad and dressing a rocket for flight.

STEAMVENTURES: ENGINEERING SIMPLE MACHINES | AGES 7-11

Join a team of junior engineers as they design and build bridges, buildings, and cars while exploring how simple machines—such as levers, pulleys, wedges, screws, and inclined planes—work together to create compound machines. Campers will study Rube Goldberg inventions, play the classic Mouse Trap game, and design their own chain-reaction machines. The week concludes with a hands-on bridge-building project to test strength, make improvements, and take home.

STEAMVENTURES: MINI WORLD IN A BOTTLE | AGES 6-10

Tap into your child's natural curiosity to explore how nature works. Campers learn key ecological cycles like water, carbon, and nitrogen through hands-on activities. Grow their interest by building three mini ecosystems, planting tickle-me plants, making grass heads, creating worm farms with live red worms, and designing magical terrariums by picking their own plants and take-home tools.

STEAMVENTURES: OUTSIDE THE BOX | AGES 6-10

Students will explore the magic of chemistry to make paper and analyze how to help engineers construct buildings and bridges that can save lives by withstanding the forces of nature. Join STEAMventure scientists as we use tools that can be found in your own home to design and construct cardboard and paper origami, buildings, bridges, and planes.

STEAMVENTURES: PLANTS, ANIMALS, AND BUGS OH MY! | AGES 6-10

The world is filled with incredible living things that are all connected through the cycle of life. Through games and hands-on projects, campers explore how living things survive and thrive. Become an insect in a lively pollinator

game, test your knowledge in a fun "Who Am I?" Jeopardy-style challenge using classification skills, and discover how living things adapt to different ecosystems. Campers will also create an ecosystem collage, make a colorful yarn bird, and build and decorate their very own birdhouse to take home. "We can never have enough of nature" Henry David Thoreau.

STEAMVENTURES: ROCKETS AND THE SCIENCE OF FLIGHT | AGES 5-9

Up, up, and away! Have you ever wondered how gliders, planes, rockets, and space shuttles soar in the air? Campers will learn about the fundamentals of flying and discover the four forces of flight through experimenting with paper airplanes. Build an old fashioned Balsa glider, launch a water rocket, and make a da Vinci parachute. Stake out a solar balloon and watch it rise without helium. Build a simple model rocket for your room and watch the real launch of an instructor-made rocket.

SPORTS

BASKETBALL | AGES 5-11

Dribble, drive, and dish the ball! Open to all skill levels, campers will hit the court to learn the basics of the game and pick up advanced skills from various exciting drills and games. This camp may spend time indoors and outdoors, weather and facility dependent.

LITTLE TOTS SPORTS AND CRAFTS | AGES 3-5 | 4-DAY AND 5-DAY CAMPS

Preschool-aged children will learn a new sport each day while developing motor skills in a fun and supportive environment. Campers will also play traditional summer camp games, create art and craft projects, and have the opportunity to relax during story time. All campers must be potty-independent to attend this camp.

MULTI-SPORT | AGES 5-11

Dunk it, spike it and kick it! Campers will have fun learning to play a new sport each day. A mix between indoor and outdoor sports may include basketball, flag football, soccer, volleyball, badminton, pickleball, kickball, and more. The sports played vary per camp and not all sports listed above will be played during each week.

PICKLEBALL | AGES 8-11

Pickleball is fun for all ages! Campers will be introduced to this easy-to-learn, but difficult to master game. Improve eye-hand coordination while avoiding the pickleball “kitchen.” Campers will also play various non-pickleball-related summer camp games to mix things up.

SOCCER | AGES 5-11 | 4-DAY AND 5-DAY CAMPS

Campers will learn soccer fundamentals through fun drills and games. To shake things up, this camp will include some non-soccer-related summer camp games. Campers may also cool down with water-themed games during the week depending on the weather.

TRACK AND FIELD | AGES 5-11

Run faster and go farther! Campers will experience the thrill of setting new personal bests in track and field events like sprints, relays, javelin, and more. This camp will conclude with a mini-meet to showcase newly learned skills.

VOLLEYBALL | AGES 8-14

Pass it, set it up, and spike it down! Campers will learn the fundamentals of volleyball through targeted drills and fun games. This camp teaches the same fundamental techniques as NCPRD’s Fall Sideout Volleyball Program. Whether your child is new to the game or refreshing their skills for the 2026 volleyball season—they won’t want to miss this camp.
